## THE DIGITAL REPORTING PROGRAM ‘INFORM THE POLICE’

The “INFORM THE POLICE” app is an electronic platform that enables citizens to report all cases to the Kosovo Police.

Kosovo Police strives to provide qualitative policing service, law enforcement and an enhanced public safety level for all.

The “INFORM THE POLICE” App is a new platform which is not bound by time, option or territorial limitations, enabling any citizen to share information with the Police within a matter of seconds.

The App insures transparency and confidentiality, because all reports are documented and the report may be submitted anonymously depending on how a citizen chooses to file his/her report.
